Carmen Heredia
Cabinet Executive Officer and Executive Deputy Director
Arizona Health Care Cost Containment System
801 East Jefferson Street
Phoenix, Arizona 850934

Dear Director Heredia:

The Centers for Medicare & Medicaid Services (CMS) completed its review of the amended Evaluation Design, which is required by the Special Terms and Conditions (STCs), specifically, STC 96, of the section 1115 demonstration, “Arizona Health Care Cost Containment System (AHCCCS)” (Project Number: 11-W-00275/9), effective through September 30, 2027. CMS has determined that the amended Evaluation Design, which was submitted on August 14, 2024, and incorporates the demonstration amendment approved on February 16, 2024, meets the requirements set forth in the STCs and our evaluation design guidance, and therefore approves the state’s amended Evaluation Design.

CMS has added the approved amended Evaluation Design to the demonstration’s STCs as Attachment H. A copy of the STCs, which includes the new attachment, is enclosed with this letter. In accordance with 42 CFR 431.424, the approved Evaluation Design may now be posted to the state’s Medicaid website within 30 days. CMS will also post the approved Evaluation Design as a standalone document, separate from the STCs, on Medicaid.gov.

Please note that an Interim Evaluation Report, consistent with the approved Evaluation Design, is due to CMS one year prior to the expiration of the demonstration, or at the time of the extension application, if the state chooses to extend the demonstration. Likewise, a Summative Evaluation Report, consistent with this approved design, is due to CMS within 18 months of the end of the demonstration period. In accordance with 42 CFR 431.428 and the STCs, we look forward to receiving updates on evaluation activities in the demonstration monitoring reports.

We appreciate our continued partnership with Arizona on the AHCCCS demonstration. If you have any questions, please contact your CMS demonstration team.

Sincerely,

Danielle Daly
Director
Division of Demonstration Monitoring and Evaluation
