Mr. Paul Barnes
Program Administrator
Health Net Access
1870 W. Rio Salado Parkway
Tempe, AZ 85281

Dear Mr. Barnes:

Attached are the final results of the Encounter Data Validation studies for Health Net Access for Contract Year Ending (CYE) 2015. The review was conducted in accordance with Section D, paragraph 65 of Contract YH14-0001-03 and the Encounter Data Validation Technical Document. The review scope included two sections: Acute study “A” for all professional services and the Acute study “B” for all facility services. The studies measured:

- Claim included in the Contractor’s claim submission and encountered in AHCCCS’ Prepaid Medical Management Information System (PMMIS) (Match) – reviewed for accuracy and timeliness.
- Claims included in the Contractor’s claim submission but not encountered in PMMIS (NotEnc InClm) – reviewed for omission.
- Encounters reported in PMMIS but not included in the Contractor’s claim submission (InEnc NotClm) – reviewed for omission from claim submission file.

A preliminary report was provided to allow the Contractor the opportunity to review and submit any additional information that may have affected the final error rate calculations. After considering the Contractor response, the results have been applied to the total population of “A” and “B” encounters.

For study “A” Match, there were 1,464,608 encounter/claim matches identified from a sample size of 1,624,320 claims; a subsample of 153 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 0 accuracy errors and 7 timeliness errors, yielding an overall error rate of 0.00% for accuracy and 4.58% for timeliness. For study “B” Match, there were 84,916 encounter/claim matches identified from a sample size of 89,597 claims; a subsample of 153 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 0 accuracy errors and 3 timeliness errors, yielding an overall error rate of 0.00% for accuracy and 1.96% for timeliness.

For study “A” NotEnc InClm, there were 159,712 possible omissions identified from a sample size of 1,624,320 claims; a subsample of 317 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 137 omission errors, yielding an overall error rate of 4.25%. For study “B” NotEnc InClm, there were 4,681 possible omissions identified from a sample size of 89,597 claims; a subsample of 299 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 225 omission errors, yielding an overall error rate of 3.93%.

Mr. Barnes

Page 2

For study "A" InEnc NotClm, there were 39,633 possible omissions identified from a sample size of 1,537,465 encounters; a subsample of 316 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 146 omission errors, yielding an overall error rate of 1.19%. For study "B" InEnc NotClm, there were 910 possible omissions identified from a sample size of 88,909 encounters; a subsample of 242 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 2 omission errors, yielding an overall error rate of 0.01%.

For each study, if the error rate falls below the acceptable rate of 5%, no sanction will be applied. The Contractor's error rates and sanction amounts, if applicable, for each study are as follows:

STUDY	Error Rate	Sanction
A Match Accuracy	0.00%	\$0.00
A Match Timeliness	4.58%	\$0.00
A NotEnc InClm	4.25%	\$0.00
A InEnc NotClm	1.19%	\$0.00
B Match Accuracy	0.00%	\$0.00
B Match Timeliness	1.96%	\$0.00
B NotEnc InClm	3.93%	\$0.00
B InEnc NotClm	0.01%	\$0.00

Per the terms of the Contract, sanctions are not the Administration's exclusive remedy. In particular and without limiting possible future actions, if any legal action is brought against the Administration as the result of your non-compliance with the Contract, the Administration will seek compensation from you for any damages arising from such legal action including but not limited to the Administration's cost of representation as well as the cost of any attorneys' fees and costs payable to the party bringing the action.

Within 24 hours of receipt of this letter, the final workpapers for each study will be uploaded to the SFTP at <https://sftp.statemedicaid.us/NET/OTHER/DHCM/OUT/>.

Thank you for your assistance with this Centers for Medicare and Medicaid Services (CMS) requirement. If you have any questions, please contact Linda Oakley at (602) 417-4308 or linda.oakley@azahcccs.gov.

Sincerely,
