I am very supportive of the proposed merger and efforts to streamline health plan operations. As a Behavioral Health provider we have been very impressed with the responsiveness of both Care1st and AZ Complete Health. I find the proposed plan helpful to reduce the number of processes and costs associated with credentialing and contracting, along with strategic planning. My only question involve contracted rate, whereas with one plan might be higher for some provider working with Care1st and would recommend that those rates are maintained to keep providers whole for a period of 24 months. Thanks,  
Mike
