About This Presentation

- This presentation is designed for the Fee-for-Service programs which include the American Indian Health Program (AIHP), DD-Tribal Health Program (DD-THP), Tribal Regional Behavioral Health Authorities (TRBHAs), and Tribal Arizona Long Term Care Services (ALTCS).
- This presentation will cover the two participating provider qualifier codes **XX** and **9999999999**, how to correctly report the participating providers in the additional information fields on the *(CMS 1500 (837P) and ADA 2012 /2024 (837D)*.
- Participating provider reporting requirements do not apply to claims submitted on the UB-04 *(Institutional 837I)* claim form.
- Questions or comments concerning this presentation email: providertrainingffs@azahcccs.gov .

Provider Type Definitions and Resources

For the purposes of this presentation, the following definitions are applicable:

Participating Provider:

- The individual provider(s) who provided the service(s) to the member, and is legally authorized to do so by the State in which they deliver the service(s), as specified in 42 CFR 457.10 and 42 CFR 438.2.

Registrable Provider Type:

- An individual who meets the qualifications to register as an AHCCCS provider type.

Non-Registrable Provider Type:

- An individual who does not meet the qualifications to register as an AHCCCS provider type.

AHCCCS FFS and MCO Participating Provider Reporting

- **Why:** This requirement is in order for AHCCCS to retain information related to the actual individual practitioner(s) that participate / performed the services. The individual practitioner must be reported on all CMS 1500 (*professional*) and ADA 2012/2024 (*dental*) claim submissions.
- **When:** Effective for dates of services January 1, 2023 and forward, AHCCCS and its Managed Care Organizations (ACC) require provider types IC, 77 and 05 to report any practitioner(s) who participated in the member's care on the claim submission.
- **Final Implementation:** Effective for dates of services July 01, 2023 and forward, any claim that does not contain the correct qualifier codes, individual practitioner name(s) and required documentation, the claim service will be denied. Claims must meet AHCCCS requirements for the submission of claims.

AHCCCS Provider Types

AHCCCS requires the following provider types to report the participating provider information on each claim submission:

- Integrated Clinic (IC)
- Behavioral Health Outpatient Clinic (77)
- Clinic (05)

For additional guidance- [Participating Provider Billing Information](#)

CMS 1500 Claim Submission Billing Guidance

AHCCCS providers that are registered as a Integrated Clinic (IC), Outpatient Behavioral Health Clinic (77) or Clinic (05) are allowed to submit claims for covered services using the clinic's NPI as the Service/rendering provider (field 24J) and as the Billing provider (field 33A) on the CMS 1500 (*professional 837P*) claim form.

Important Claim Submission Information:

- The NPI number for the provider types IC, 05 or 77 cannot be reported as the participating provider in the *Additional Information* field.
- If the organization's NPI is listed as the participating provider, the claim will deny and a correction claim will be required.

ADA 2024 Dental Claim Form

Important Claim Form Update:

- Effective January 1, 2024, the new version of the ADA dental claim form must be used. Any dental claims submitted on or after January 1, 2024 that is not on the ADA 2024 version will be denied.
- This also applies to replacement/correction dental claims.

Claim Submission Billing Guidance

AHCCCS providers that are registered as a Integrated Clinic (IC) or Clinic (05) are allowed to submit claims for covered services using the clinic's NPI as the Service/rendering provider (field 24J) and as the Group Billing provider (field 33A).

Important Claim Submission Information:

- The NPI number for the provider types IC, 05 or 77 cannot be reported as the participating provider in the *Additional Information* field.
- If the organization's NPI is listed as the participating provider, the claim will deny and a correction claim will be required.

UB-04 Institutional Claim

Important Note:

The participating provider reporting requirement *does not* apply to claims submitted on the UB-04 (*institutional / 837I*) claim form.

Reporting Participating Provider Claim Information

AHCCCS providers that are registered as a Integrated Clinic (IC), Outpatient Behavioral Health Clinic (77) or Clinic (05) are allowed to submit claims for covered services using the clinic's NPI as the Service/rendering provider (field 24J) and Billing provider (field 33A).

However, there is a caveat to this billing process, in order for AHCCCS to retain information related to the actual individual practitioner(s) that participate / performed the services, the individual practitioner must also be reported on all CMS 1500 (*professional*) and ADA 2012/2024 (*dental*) claim submissions.

Important Note: This requirement does not apply to claims submitted on the UB-04 (*institutional*) claim form.

What Is Not Changing

What is not changing is the requirement to enter the NPI number of any AHCCCS registered provider that participates in the member's care.

CMS 1500:

- If the individual provider is registered with AHCCCS, the Rendering Provider ID would be entered in **Field 24J**.

ADA:

- If the individual provider is registered with AHCCCS, the Treating Dentist NPI would be entered in **Field 54**.
- Important Note: Providers should become familiar with [AHCCCS FFS Provider Billing Manuals](#) regarding billing and claim submission

requirements.

Clinical Oversight/Supervision By The BHP

What is Clinical Oversight and Supervision?

Clinical Oversight and Supervision

Clinical oversight is monitoring the services provided by a BHT/BHPP to ensure the BHT/BHPPs are providing the behavioral health services according to the health care institution's policies and procedures.

[AHCCCS Contract and Policy Dictionary](#)

Oversight/Clinical Supervision by the BHP

Question: If a BHT is supervised by a BHP, is it correct to include the BHP as one of the participating providers on the claim?

Answer:

If the BHP provided clinical oversight/supervision only to the BHT and did not participate in providing a service (i.e counseling) to the client, the BHP is not listed as a participating provider on the claim.

Claim Billing Reminders - the participating/performing provider is only required on the claim when the facility NPI is listed as both the servicing/rendering provider as well as the group billing provider.

Participating Provider Qualifier Codes

What Are Participating Provider Qualifier Codes?

There are two participating provider qualifier code formats that AHCCCS recognizes to identify the provider(s) that performed/participated in the service. The Qualifier Codes will alert PMMIS to validate the participating provider(s) information that is entered on the claim.

- Qualifier codes must be entered to identify the individual provider(s) who rendered and or participating in the service.
- Any provider rendering services and/or participating in the services must report their provider information on the claim.
- All Qualifier codes must be entered in the correct format as shown in the examples on the following slides.

Claim Fields To Report Participating Provider Claim Information

Participating Provider Reporting Requirements

- Participating provider reporting requirements apply to service/2024 claim forms.
- The participating provider information must be reported in the following fields:
 - CMS 1500 claim form, Field 19
 - Field Title: Additional Claim Information
 - ADA 2012/2024 claim form, Field 54 (Treating Dentist) or
 - Field 35 Title: Remarks
- The participating provider is only needed if the clinic is listed as both the servicing and billing provider on the claim.
