Note: 834 005010X220A1 implemented on 10/01/2010

<Archived: 01/03/2012>

SSR: 2010-0203-08 RENEWAL DATE ON AZ 834 5010

Release date: 10/01/2011

In addition to including the member's renewal date to the AZ Daily/Monthly 834, this project is also a result of the changes identified in the Benefit and Enrollment Maintenance TR3 version 005010X220A1 as published by the Washington Publishing Company.

1. Create the 834 v5010 using the Addenda version. The GS08 and ST03 values will be populated with the version "005010X220A1".
2. Change the date and time in the ISA09 and ISA10 to be the create date of the transaction file. This was at the request of a health plan.
3. Add the Renewal Date in the 2700 Reporting Loop
