

**Annual Report:
Substance Use Treatment Programs
State Fiscal Year 2019**

July 1, 2018 to June 30, 2019

**January 2020
Jami Snyder, Director**

Background

The Arizona Health Care Cost Containment System (AHCCCS) has conducted an assessment of its Substance Use Disorder (SUD) treatment programs in accordance with the requirements outlined in Arizona Revised Statutes (A.R.S) §36-2023(C)(6):

Prepare an annual report on drug abuse treatment programs in this state that receive monies from the administration to be submitted by January 1 of each year to the governor, the president of the senate and the speaker of the house of representatives and to be made available to the general public through the Arizona drug and gang prevention resource center. The report shall include:

- (a) The name and location of each program.*
- (b) The amount and sources of funding for each program.*
- (c) The number of clients who received services during the preceding fiscal year.*
- (d) A description of the demographic characteristics of the client population served by each program, including age groups, gender and ethnicity.*
- (e) A description of client problems addressed by the programs, including the types of substances abused.*
- (f) A summary of the numbers and types of services available and provided during the preceding fiscal year.*
- (g) An evaluation of the results achieved by the programs.*

As a result of administrative simplification, the merger of AHCCCS and the Arizona Department of Health Services/Division of Behavioral Health Services (ADHS/DBHS) effective July 1, 2016, AHCCCS acquired responsibility for the Annual Report. AHCCCS reviewed the reports previously prepared by DBHS and the legislative requirements for this report, and have updated the methodologies and data sources utilized to better align with the legislative requirements. This 2019 report reflects those changes. Utilization data used in this report are for dates of service in State Fiscal Year (SFY) 2019 from July 1, 2018 through June 30, 2019, and were extracted in November 2019. Due to the short four month lag from the last date of service, data may be slightly understated.

In a Special Session of the Legislature, members of the Arizona House and Senate unanimously passed the Arizona Opioid Epidemic Act, which Governor Ducey signed into law on January 26, 2018. The Arizona Opioid Epidemic Act included several key initiatives to combat the opioid epidemic in Arizona. Opioid Use Disorder (OUD) Treatment was enhanced by identifying gaps in and improving access to treatment, including for uninsured or underinsured Arizonans, with a \$10 million appropriation to AHCCCS through the legislation.

On May 1, 2017, AHCCCS received an Opioid State Targeted Response (STR) grant from the Substance Abuse and Mental Health Services Administration (SAMHSA) for prevention and treatment activities in the amount of \$24.3 million over the course of two years. As of April 30, 2019 the STR grant is in a no-cost extension period to ensure completion of the originally approved projects. The objectives of the grant are to reduce the number of individuals with OUD and the number of opioid-related deaths. State partners include the Governor's Office of Youth, Faith and Family (GOYFF), ADHS, and the Department of Child Safety (DCS). Prevention activities include conducting Screening, Brief Intervention and Referral to Treatment (SBIRT) models; increased access to Naloxone for law enforcement; education and outreach to older

adults; and implementation of community-based awareness and education activities. Treatment activities are centered around increasing access, participation and retention in Medication Assisted Treatment (MAT) and recovery support services. Activities include 24/7 access to care sites for OUD treatment; increasing peer support networks; incarceration alternative projects; care coordination for individuals re-entering the community from correctional settings; and expanded options for residential services. More information on the grant can be found on the AHCCCS website:

<https://www.azahcccs.gov/Resources/Grants/STR/>

The Medication Assisted Treatment – Prescription Drug and Opioid Addiction (MAT-PDOA) awarded to AHCCCS in August of 2016 will end in February of 2020. The primary goal of the MAT PDOA program has been focused towards engaging individuals diagnosed with opioid use disorder and involved with the criminal justice system. The focus has specifically been on outreaching and screening individuals within four months of release to engage them in medication assisted treatment (MAT) and provide care coordination as they reenter the community. The project also seeks to improve access to MAT services for these individuals by improving infrastructure and collaboration among criminal justice entities and Opioid Treatment Programs (OTPs). The project expanded infrastructure and built capacity by implementing integrated, strength-based treatment planning, screening and assessment. These initiatives were focused on co-occurring disorders (substance use disorder along with a mental health disorder) for the target population by increasing participation in MAT services. As of June 30, 2019, a total of 266 clients have been enrolled in Arizona’s MAT-PDOA program.

On September 19, 2018, Arizona received the State Opioid Response (SOR) grant in the amount of \$20.3 million per year for two years to assist in combatting this nationwide epidemic. On May 2, 2019, Arizona received \$10.5 million to supplement first-year SOR funding. The project approach includes developing and supporting state, regional, and local level collaborations and service enhancements to develop and implement best practices. This work will comprehensively address the full continuum of care related to opioid misuse, abuse and dependency. The funding is geared towards implementing, expanding and sustaining services that support the full continuum of care for an individual throughout their course of recovery. Additionally, SOR funding will be utilized to sustain the impactful programs that were developed through the STR grant. AHCCCS, as the Single State Agency for SUD Treatment, administers the grant and works with other state agencies and sub-recipients to implement the following activities:

- Sustaining and enhancing community Naloxone distribution;
- Increasing localized community opioid prevention efforts;
- Stigma reduction and public awareness on the medical model of opioid dependency;
- Expansion of Trauma-Informed prevention, treatment and recovery efforts;
- Expanding navigation and access to MAT through 24/7 access points;
- Expanding access to recovery support services (supportive housing, peer supports, job assistance and supportive recovery programming);

- Increasing public access to real-time prevention, treatment and recovery resources through the “no-wrong door” model;
- Equipping law enforcement and first responders with Naloxone;
- Promoting prescriber education and a statewide chronic pain self-management campaign;
- Collaboration with law enforcement, corrections, first responders and Emergency Departments for diversion and targeted care coordination efforts in high impact sectors;
- Collaborating with justice partners to integrate pre and post booking programs for those involved with the criminal justice system; and
- Targeted focus on treatment and recovery services for pregnant women and parents with OUD.

Lastly, the activities in the SOR program place a strong emphasis on comprehensive strategies to ensure a full continuum of care for this population. The objectives are geared towards addressing prevention, treatment and recovery supports for individuals suffering from an opioid use disorder. Focus is placed on integration efforts, and working to deliver services that are clinically indicated as best practices. In addition, the providers working within SOR were selected due to their person-centered approach and experience with addressing substance use, underlying and core issues, behavioral health disorders, trauma, family dynamics, lack of motivation and purpose, education or employment, life skills development, and aftercare support and housing. Whether this occurs through a continuum of services from a single treatment provider or several providers, the cohesiveness within the SOR model ensures the provision of appropriate clinical services and have greater impact to retain those in services. More information on the grant can be found on the AHCCCS website:

<https://www.azahcccs.gov/Resources/Grants/SOR/>

Location of Substance Use Disorder Treatment Programs

The locations of the state’s SUD treatment programs are divided in three distinct geographic service areas (GSAs) throughout the state with oversight provided by Integrated Managed Care Organizations (MCOs), Regional Behavioral Health Authorities (RBHAs) and Tribal Regional Behavioral Health Authorities (TRBHAs). All AHCCCS contracted MCOs were added in this year’s report, due to the implementation of AHCCCS Complete Care Plans (ACC), which began October 1, 2018. By adding the ACC MCOs, the number of programs and members in this report increased significantly from last year.

ACC, RBHA and TRBHA	GSA
Care 1 st - ACC	North & Central
Steward Health Choice Arizona – RBHA/ACC	North & Central
Banner University Family Care - ACC	Central & South
Arizona Complete Health – RBHA/ACC	Central & South
UnitedHealthcare - ACC	Central & South
Magellan Complete Care - ACC	Central
Mercy Care – RBHA/ACC	Central

Navajo Nation - TRBHA	North
Pascua Yaqui Tribe - TRBHA	South
White Mountain Apache Tribe - TRBHA	North & South
Gila River Indian Community - TRBHA	Central & South

The ACCs, MCOs, RBHAs and TRBHAs are required to maintain a comprehensive network of behavioral health providers to deliver prevention, intervention, treatment and rehabilitative services to members enrolled in the AHCCCS system. This structure allows communities to provide services in a manner appropriate to meet the unique needs of members and families residing within their local areas. Appendix A lists the names and locations of providers throughout the state who had a Substance Use Treatment Program during SFY 2019. There were approximately 789 SUD programs in the State of Arizona, as summarized below.

ACC, RBHA and TRBHA	Number of Programs ¹
Care 1 st - ACC	379
Steward Health Choice Arizona - RBHA/ACC	164
Banner University Family Care – ACC	129
Arizona Complete Health - RBHA/ACC	167
UnitedHealthcare - ACC	309
Magellan Complete Care - ACC	110
Mercy Care - RBHA/ACC	323
Navajo Nation – TRBHA	6
Pascua Yaqui Tribe – TRBHA	59
White Mountain Apache Tribe - TRBHA	6
Gila River Indian Community - TRBHA	6

Program Funding

During SFY 2019, AHCCCS expended over \$455 million in service funding for members and families with SUD. The single largest source of SUD treatment funding was Medicaid as reflected in Table I, followed by Federal Substance Abuse Block Grant (SABG) funds. Additional funding included State appropriated monies, other federal discretionary funds, funds from Maricopa County for local detoxification services, funds available through intergovernmental agreements (IGA) with the City of Phoenix, Substance Use Disorder Services funding (the appropriated monies included in the Arizona Opioid Epidemic Act), and liquor services fees.

¹ More than 100 SUD programs serve more than one MCO, RBHA or TRBHA thus the data in the table will exceed 789 SUD programs.

**Table I: Substance Use Disorder Treatment Funding Summary
SFY 2019 - July 1, 2018 to June 30, 2019**

Fund Source ²	Dollar Amount	Percentage
Medicaid Funding (State Match and Title XIX)	\$407,292,009	89.47%
Federal: Substance Abuse Block Grant (SABG)	\$30,329,905	6.66%
Federal: Other (Discretionary Funds)	\$7,777,814	1.71%
State Appropriated	\$2,935,339	0.64%
Substance Use Disorder Services Fund	\$5,307,705	1.17%
Intergovernmental Agreements: Maricopa County; City of Phoenix Central City Addiction Recovery Center	\$1,489,871	0.33%
Liquor Fees	\$73,335	0.02%
Total Funding:	\$455,205,978	100.00%

Enrolled and Served Demographics

AHCCCS policy requires that members with behavioral health needs undergo a clinical assessment, administered by a clinician through a mental health or substance use treatment program. The information gathered during this assessment process includes several identifiable factors, such as race and ethnicity, gender, and reasons for seeking treatment. Members identified in this report include those with a SUD who were enrolled in AHCCCS and received a service from a SUD program (Appendix A) during SFY 2019.

Tables II and III below detail the demographics of these members by RBHA GSA and provide statewide totals. In SFY 2019, there were 100,528 members enrolled in AHCCCS who received at least one service from a SUD program. The Central GSA has the largest AHCCCS population in the state and consistent with its overall AHCCCS membership, represents 56% of those receiving SUD treatment services.

² Funding in Table I represents payments to TRBHAs/RBHAs, with the exception of the Medicaid Funding data which includes substance use funding for all AHCCCS programs including RBHA, ALTCS/EPD, ACUTE, CRS and the American Indian Health Program. Funding includes administrative components and other amounts that will not be reflected in the provider level substance abuse utilization data in this report (Table VI). The State Appropriated line represents Crisis Services for individuals with a Substance Use Disorder which includes behavioral health services. Federal Discretionary funds include, but are not limited to, the STR grant and the MAT-PDOA grant.

**Table II: Members Served with a Substance Use Disorder by GSA
SFY 2019 - July 1, 2018 to June 30, 2019**

GSA	Count	Percentage
North	15,400	15.3%
South	28,403	28.3%
Central	56,725	56.4%
Statewide	100,528	100.0%

**Table III: Demographics of Members Served with a Substance Use Disorder by GSA
SFY 2019 - July 1, 2018 to June 30, 2019**

Gender

The percentage of males versus females served is consistent between GSAs and statewide, with the SUD treatment population comprised of more men than women—57.5% versus 42.5%, respectively. This statistic remains consistent with the data reported for the prior year.

Gender ³	North		South		Central		Statewide	
	Count	Percentage	Count	Percentage	Count	Percentage	Count	Percentage
Male	8,421	54.7%	16,282	57.3%	33,069	58.3%	57,772	57.5%
Female	6,979	45.3%	12,121	42.7%	23,656	41.7%	42,756	42.5%
Totals	15,400	100.0%	28,403	100.0%	56,725	100.0%	100,528	100.0%

Race and Ethnicity

The majority (55.6%) of members who were enrolled and received a SUD treatment service in SFY 2019 were White. As the table illustrates, 6.9% of members enrolled and served were African American, 7.9% were American Indian, 0.6% were Asian and 0.2% were Native Hawaiian/Pacific Islander. Statewide, 1.7% of members enrolled and served identified as Hispanic/Latino.

³ Data Source: AHCCCS enrollment data set.

Race/Ethnicity ⁴	North		South		Central		Statewide	
	Count	Percentage	Count	Percentage	Count	Percentage	Count	Percentage
American Indian	2,842	18.5%	2,262	8.0%	2,865	5.1%	7,969	7.9%
Asian	42	0.3%	162	0.6%	367	0.6%	571	0.6%
African American	232	1.5%	1,457	5.1%	5,207	9.2%	6,896	6.9%
Native Hawaiian/Pacific Islander	36	0.2%	44	0.2%	94	0.2%	174	0.2%
White	9,970	64.7%	15,993	56.3%	29,938	52.8%	55,901	55.6%

Multi-Racial	9	0.1%	10	0.0%	26	0.0%	45	0.0%
Data Unavailable	2,193	14.2%	7,850	27.6%	17,165	30.2%	27,208	27.1%
Totals	15,400	100.0%	28,403	100.0%	56,725	100.0%	100,528	100.0%

Age

An aggregate review of the data detailing members' age indicates the vast majority of members with a SUD and served in SFY 2019 were adults, with those between the ages of 25 and 44 accounting for more than half of all members (53.9%). Additionally, 28.7% of members enrolled and served were between the ages of 45 – 64. Around three and a half percent of members were under the age of 18. This data is similar to the age distribution reported for SFY 2018.

Age Distribution ⁵	North		South		Central		Statewide	
	Count	Percentage	Count	Percentage	Count	Percentage	Count	Percentage
Birth – 4	5	0.0%	3	0.0%	17	0.0%	25	0.0%
5 – 11	7	0.1%	21	0.1%	27	0.0%	55	0.1%
12 – 14	85	0.6%	208	0.7%	274	0.5%	567	0.6%
15 – 17	377	2.3%	944	3.3%	1,507	2.7%	2828	2.8%
18 – 20	536	3.5%	1,065	3.7%	1,995	3.5%	3596	3.6%
21 – 24	1,047	6.8%	2,069	7.3%	4,534	8.0%	7650	7.6%
25 – 44	7,662	49.8%	15,755	55.5%	30,803	54.3%	54220	53.9%

Substance Use Disorders Addressed by the Programs

Methamphetamines was the most common substance used statewide by those in treatment in

⁴ Data Source: AHCCCS enrollment data set

⁵ Data Source: AHCCCS enrollment data set.

2019 at 19.8%, followed closely by opiates, in SFY 2019 at 19.4%. The next substance used was marijuana at 19.0%, and alcohol at 18.8%. The least common substance reported was other sedatives/tranquilizers and inhalants (0.2%).

Similar to the data reported for SFY 2018, the most common substance reported by GSA varied although opiates were the most common in the South and Central GSAs. While alcohol was the most prevalent substance used in the North GSA (27.9%), opiates was the most common in the South GSA (22.9%) and in the Central GSA (18.0%).

**Table IV: Substance Use Type by GSA
SFY 2019 - July 1, 2018 to June 30, 2019**

Substance Type ⁶	North		South		Central		Statewide	
	Count	Percentage	Count	Percentage	Count	Percentage	Count	Percentage
Opiates	2,471	16.2%	7,871	22.9%	8,968	18.0%	19,310	19.4%
Alcohol	4,265	27.9%	6,496	18.9%	7,922	15.9%	18,683	18.8%
Marijuana/ Hashish	3,182	20.9%	6,935	20.2%	8,833	17.7%	18,950	19.0%
Methamphetamine	3,211	21.0%	7,244	21.0%	9,339	18.7%	19,794	19.8%
Cocaine/Crack	412	2.7%	2,186	6.3%	5,419	10.8%	8,017	8.0%
Other Stimulants	81	0.5%	174	0.5%	1,238	2.5%	1,493	1.5%

Total	15,264	100.0%	34,410	100.0%	49,921	100.0%	99,595	100.0%

Summary of Services

AHCCCS maintains a comprehensive service delivery network providing primary prevention, treatment and rehabilitation programs to children and adolescents with Serious Emotional Disturbances (SED) and/or Substance Use Disorders (SUD), as well as adults with General Mental Health disorders (GMH) and/or SUD, and adults determined to have a Serious Mental Illness (SMI).

With respect to SUD treatment, AHCCCS works diligently with Contractors and TRBHAs to ensure the service delivery network presents individuals with a choice of multiple, highly-qualified providers, each offering varying levels of care spanning multiple treatment modalities.

Services can primarily be grouped into eight major categories: Inpatient, Support,

⁶ Data Source: AHCCCS Online Portal, Unique Member Characteristics (UMC). Not all members selected for this Report had UMC data, as collection of UMC data started in October 2018: AHCCCS is working on streamlining the data and data collection process to improve data submissions.

Medical/Pharmacy, Residential Services, Treatment, Crisis, Behavioral Health Day Programs, and Rehabilitation. Table V details the array of SUD services offered.

**Table V: Services Available to Members
SFY 2019 - July 1, 2018 to June 30, 2019**

Service Category ⁷	Description
1. Inpatient Services	Inpatient detoxification and treatment services delivered in hospitals and sub-acute facilities, including Level I residential treatment centers that provide 24-hour supervision, an intensive treatment program, and on-site medical services.
2. Support Services	Case management, self-help/peer support services and transportation.
3. Medical and Pharmacy	Medications and medical procedures which relieve symptoms of addiction and/or promote or enhance recovery from addiction.
4. Residential Services	Residential treatment with 24-hour supervision
5. Behavioral Health Day Programs	Skills training and ongoing support to improve the individual's ability to function within the community. Specialized outpatient substance abuse programs provided to a person, group of persons and/or families in a variety of settings.
6. Treatment Services	Individual and group counseling, therapy, assessment, evaluation, screening, and other professional services.
7. Crisis Intervention	Stabilization services provided in the community, hospitals and residential treatment facilities.
8. Rehabilitation Services	Living skills training, cognitive rehabilitation, health promotion, and ongoing support to maintain employment.

The services listed in Table V are available to all AHCCCS members and are delivered based on need per each member's individualized treatment plan.

As indicated in Table VI on a statewide basis Inpatient Services were utilized at the highest percentage (26.9%), followed by Support Services (18.5%), whereas Pharmacy services were used the least (0.1%). Utilization by service category was consistent across GSAs. Table VI shows utilization of these service categories via the number of claims, and amounts paid to providers, for AHCCCS members served with a SUD. It should be noted that the data in Table VI represents all services included in Table V provided to members with a SUD diagnosis who received at least one paid service from any of the providers in Appendix A.

⁷ The Service Category Medical and Pharmacy is shown in two rows in Table VI to differentiate the expenditures for the Medical Services compared to the Pharmacy amounts. The Service Category Outpatient Services (UB92) is listed as an additional row in Table VI to represent the Outpatient Hospital Services expenditures.

**Table VI: Utilization by Service Category (Based on Number of Claims and Paid Amount)
SFY 2019 - July 1, 2018 to June 30, 2019⁸**

Service Category	North		South		Central		Statewide	
	Count	Paid Amount	Count	Paid Amount	Count	Paid Amount	Count	Paid Amount

Totals	420,545	\$73,046,398	1,079,610	\$108,448,267	2,784,898	\$286,710,416	4,285,053	\$468,205,083

Summary of Medication Assisted Treatment Services

AHCCCS maintains a comprehensive network of MAT providers throughout the state. These treatment providers use a combination of counseling and ancillary support services with medications for the treatment of OUD. The medications used for OUD treatment are in the form of Methadone, Buprenorphine (Suboxone and/or Subutex) and Naltrexone. AHCCCS maintains a minimum list of medications to ensure the availability of necessary, safe and cost effective medications for persons with behavioral health disorders.

Through AHCCCS’ response to the opioid epidemic, efforts have been focused toward enhancing the state’s multi-sector strategic plan to address the gaps in prevention, treatment and recovery support. These specific initiatives include: increasing access to OUD treatment, expanding access to MAT, increase public awareness through stigma reduction and education, enlisting new MAT providers, ensuring 24/7 access to care points, increasing access to peer support services and increasing recovery support options.

A key component of the Arizona strategy for preventing overdose deaths from opioids is through increasing community-based access to Naloxone, the overdose reversal medication. AHCCCS continues to partner with contracted network providers and first responders to enhance statewide Naloxone distribution and accessibility. AHCCCS has developed policies and contract language for RBHAs and their network providers so they may implement a direct service, community Naloxone distribution network in order to meet the needs of the population.

⁸ Data Source: AHCCCS Encounter and Claims Data.

Providers are focusing specifically on the most vulnerable populations for opioid overdose, which include those living in poverty, transitioning out of the criminal justice system, and those with perceived barriers to obtaining a prescription for the medication. From July 1, 2018 through June 30, 2019, AHCCCS grant funding enabled local entities to distribute 154,244 doses of Naloxone throughout Arizona.⁹

Table VII details unique member counts for MAT medication utilization by GSA. Table VIII details unique member counts utilizing MAT services as well as the additional services listed. Members can, and do, move from one GSA to another, as well as receive more than one kind of behavioral health service. However, the summary lines are distinct in total.

Table VII: MAT Medication Utilization^{10 11 12}
SFY 2019 - July 1, 2018 to June 30, 2019

MAT Medication Utilization	North	South	Central	Statewide
	Count	Count	Count	Count

⁹ With State Targeted Response to the Opioid Crisis (Opioid STR) and State Opioid Response (SOR) funding, Arizona Department of Health Services has distributed 27,916 Naloxone doses dispensed in Arizona; With Arizona's Substance Abuse Block Grant (SABG) funding, Sonoran Prevention Works has distributed 126,328 doses throughout Arizona.

¹⁰ Data Source: AHCCCS Encounter and Claims Data. The data methodology has been improved to more accurately reflect the utilization of MAT medication services and is not comparable to previous reports.

¹¹ Medication Assisted Treatment (MAT) refers to members diagnosed with Opiate Use Disorder (OUD) (diagnosed within 90 days of the MAT) who are receiving medication to treat opioid dependence and addiction.

¹² The Summary Count of members by County is distinct in total. A member may appear in more than 1 GSA if they move GSAs within the reporting period.

¹³ Data Source: AHCCCS Encounter and Claims Data. The data methodology has been improved to more accurately reflect the utilization of services and is not comparable to previous reports.

¹⁴ This table reports on behavioral health service categories for the members receiving MAT for Opiate use disorder.

Summary

The Substance Use Disorder Services fund appropriation has supplied 42,880 services to 23,328 under and uninsured distinct, unduplicated individual with OUD in Arizona between February 1, 2018 and September 29, 2019. SUDS funding allows for additional direct service options including, treatment, rehabilitation, medical services, medication-assisted treatment, peer and family supports, case management, crisis intervention, inpatient services, detoxification, residential services, day program services, transportation, and assistance with high co-pays or deductibles, which often serve as a barrier to accessing treatment and other support services. This year, the five most utilized services covered include: medical services (i.e. medication services; medical management; laboratory; radiology and medical imaging), methadone for medication assisted treatment, case management services, treatment services (i.e. behavioral health counseling and therapy; assessment, evaluation and screening services) and transportation services.

AHCCCS continues to implement strategies to maximize the benefit to Arizonans who need treatment for SUD. These efforts have been conducted in partnership with other state agencies, Contractors, providers and stakeholders committed to assisting those seeking recovery assistance in improving their quality of life and success in the community. The comprehensive array of services provided through the funding described in this report, offer opportunities for each member in need of SUD services to be provided with treatment through the use of evidence based practices and individualized treatment planning. Services are available statewide and are tailored to be clinically and culturally appropriate for all age groups, genders, races, ethnic backgrounds and other areas of diversity.

Appendix A: Name and Location of SUD Programs
