2. Citations to the agency’s statutory rulemaking authority to include both the authorizing statute (general) and the implementing statute (specific):

Authorizing statute: A.R.S. § 36-502, 36-2907, 36-3403(A)(4)

3. The effective date of the rule:

The Administration requests an immediate effective date of July 6, 2016 or upon filing with the Secretary of State. This rulemaking meets the following criteria in A.R.S. § 41-1032(A)(2) “To avoid a violation of federal law or regulation or state law, if the need for an immediate effective date is not created due to the agency's delay or inaction.” because this rulemaking has been created due to the statutory changes made to transfer the administrative and operational responsibility to the Administration.

4. Citations to all related notices published in the Register to include the Register as specified in R1-1-409(A) that pertain to the record of the final rulemaking package:

Notice of Rulemaking Docket Opening: 22 A.A.R. 782, April 8, 2016

6. An agency’s justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:

The Administration is proposing rule to implement the statutory “behavioral health simplification and integration” where the Arizona Health Care Cost Containment System (AHCCCS) Administration assumes full administrative and operational responsibility for the provision of behavioral health services effective July 1, 2016. Senate Bill 1257 (Laws 2015, Chapter 195) provides for the statutory transfer of behavioral health responsibilities from the Arizona Department of Health Services (ADHS) to AHCCCS. This rulemaking delineates the responsibilities of the AHCCCS Administration to oversee the provision of behavioral health services under Title 9 Chapter 21 of the Arizona Administrative Code (AAC) for persons with a serious mental illness (SMI) as defined under R9-21-101 and A.R.S. § 36-550.

Rules under Title 9, Chapter 21 of the AAC, first enacted in October 1993 and last amended in June 2003; apply to persons with a SMI diagnosis, regardless of Medicaid eligibility. The Administration has chosen to make changes to this Chapter in two phases. This rulemaking is the first phase, and because the Administration is assuming administrative and operational responsibility for the provision of behavioral health services to persons with a SMI diagnosis, within all rules, the terms “department,” “division,” or “director” were changed to “Administration” or “mental health agency,” where applicable, and cross-references were updated to statutes or other rule sections, as appropriate. More significant of these proposed changes includes alignment of the hearing process with the Administrative Procedure Act (APA), A.R.S. §41-1092, deletion of antiquated or inaccurate language, updating of language to reflect AHCCCS terminology, and updating of language to reflect AHCCCS organizational structure.

- Article 1’s objective is to describe General Provisions that apply to this Chapter. This Article describes definitions, the applicability of the SMI requirements, how time is

computed when actions are made, the establishment of the Human Rights Committees, requirements of the Office of Human Rights and Advocates, and the State Protection and Advocacy System. Within this Article, we have verified the use of the definitions described, updated cross-references, and added a section to guide the person to where the definitions can be found. The Article was updated to reflect that this Chapter will apply to the Administration and all mental health agencies. Sections were stricken that are no longer applicable, such as licensing (the Administration does not license or certify these agencies)

- Article 2's objective is to describe the rights of persons with SMI. This Article describes Civil and Other Legal Rights, Right to Support and Treatment, Protection from Abuse, Neglect, Exploitation and Mistreatment, Restraint and Seclusion, Labor, Competency and Consent, Informed Consent, Medication, Property and Possessions, Records, Policies and Procedures of Service Providers, Notice of Rights, and Exhibits. Within this Article, no significant changes were made, except for the terms relative to the Administration assuming responsibility, cross-reference updates, and minor clarifications.
- Article 3's objective is to describe the Individual Service Planning for behavioral health services for person with SMI. This Article describes General Provisions, Identification, Application, and Referral for Services of Persons with Serious Mental Illness, Eligibility Determination and Initial Assessment, Interim and Emergency Services, Assessments, Identification of Potential Service Providers, Selection of Service Providers, Implementation of the Individual Service Plan, Interim Services, Inpatient Treatment and Discharge Plan, Periodic Review of Individual Service Plans, and Modification or Termination of Plans. Within this Article, no significant changes were made, except for the terms relative to the Administration assuming responsibility.
- Article 4's objective is to describe appeals, grievances, and requests for investigation for persons with SMI. This Article describes Appeals, General Requirements, Initiating a Grievance or Investigation, Persons Responsible for Resolving Grievances and Requests for Investigations, Preliminary Disposition, Conduct of Investigation, Administrative Appeal, Further Appeal to Administrative Hearing, Notice and

Records, and Miscellaneous requirements. Within this Article, there were several changes. Like the other Articles, there were updates made to reflect the terms relative to the Administration assuming responsibility, cross-reference updates, and minor clarifications. This Article, on its face, appears to have significant changes made. However, the Administration adheres to timelines and processes set forth in the APA (A.R.S. §41-1092), and much of the previous language in this Article relating to timelines was stricken and replaced with cross-references to the APA. There are also the removal of some of the processes that were used when ADHS had the responsibility, but to which the Administration does not adhere.

The second phase, which will likely be 4th quarter FY2017, is intended to address more substantive changes through further review of statute and relevant litigation as well as consideration of best practices for the treatment and support of persons with SMI, with particular emphasis on patient outcomes.

7. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:

A study was not referenced or relied upon when revising these regulations.

8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:

Not applicable.

9. A summary of the economic, small business, and consumer impact:

The Administration does not anticipate an economic impact on small businesses, the public or the implementing agencies since funding and staffing will be transferred to the Administration from ADHS. This rulemaking intends to adopt rules to delineate the delivery system resulting from SB 1257. This rulemaking informs stakeholders of the revised operational structure and the new functional responsibilities. This transfer of responsibilities from ADHS to AHCCCS is

budget neutral and this rulemaking is administrative in nature, not affecting the coverage of services, or the rights or protections of persons with SMI.

10. A description of any changes between the proposed rulemaking, to include supplemental notices, and the final rulemaking:

No significant changes were made between the proposed rulemaking and the final rulemaking. The changes made were technical in nature, such as changing where the term “hearing officer” is used to “Administrative Law Judge” since that is the appropriate title, updated a cross-reference to statute for the SMI definition, added “in writing” within the definition of “Designated representative” to ensure the member has given their consent to have an individual represent them, the definition of “Division” was struck since the term is no longer used, etc.

11. An agency’s summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:

The following comment was received as of the close of the comment period of May 9, 2016

Item #	Rule Cite Line #	Comment From and Date rec'd.	Comment	Analysis/ Recommendation
1.	R9-21-204G1 and G2	Shawna Boyle 05/09/16 ASAPA AZ State Association of Physician Assistants	While this rule includes Physician Assistants under the definition of "medical practitioner," it only allows those under the definition of medical practitioner to order restraint/seclusion in specific instances. Ordering restraint and seclusion is within the scope of practice of a Physician Assistant as delegated by their supervising physician. In order to allow efficiency in patient care and to allow physician assistants to practice to their fullest capability, I would like to request that the following changes be made to section R9-21-204: That G.(1)(a) and G.(2)(a) include Physician	This suggestion was not within the scope of the 1 st phase of this rulemaking. This is a more substantive change to the Rules to be determined in the second phase.

			<p>Assistants specifically. And that that item G.(1)(b)(i) and G.(2)(b)(i) be revised to state “medical practitioner” in order to include Physician Assistants</p>

No other matters are applicable.

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:

Not applicable.

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:

Not applicable.

c. Whether a person submitted an analysis to the agency that compares the rule’s impact of the competitiveness of business in this state to the impact on business in other states:

Not applicable.

13. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rule:
